

Please follow the guidelines below when preparing the camera ready version of your paper.

1. Full papers are not to exceed 15 pages including all references and figures. Short papers are limited to 8 pages. Demonstration track papers are limited to 4 pages. All papers must be prepared in the Springer LNCS format and submitted electronically in PDF to the conference ConfTool (<https://www.conftool.com/icsoc2013/>). To avoid typesetting issues, please use the LNCS templates and style files available from Springer (<http://www.springer.com/computer/lncs?SGWID=0-164-6-793341-0>).
2. Additional pages are available at 90 Euros per page, with a limit of at most 2 additional pages per full paper and 1 page per short or demo paper.
3. Download the LNCS copyright form from the ICSOC website (<http://www.cs.ucsb.edu/~isel/icsoc/submit.shtml>). Sign and scan the form. Please use “11th International Conference on Service-Oriented Computing (ICSOC 2013)” for the title of the book, and “Samik Basu, Cesare Pautasso, Liang Zhang, Xiang Fu” for the volume editors.
4. Prepare a zip file and include the following:
 - a. The .pdf of the camera ready version.
 - b. A folder named “source_files” that contains all relevant source files of the manuscript.
 - c. The signed LNCS copyright form.
 - d. A text file named “author_index.txt”. Please provide the information below:
 - i. Corresponding author name
 - ii. Corresponding author email
 - iii. First (given) and Last (family) names of each author. Please let us know any suffixes or complex names that do not use the Western name order, so that we can present them in the correct way.
 - iv. Suggested abbreviated running head of the paper.
5. Submit all required files in ConfTool no later than August 30, 2013.
6. At least one of the authors must register for the conference.
